2. Helsinki Workshop Helsinki 2015: Programme Released!

'Safety, Robustness and Condition Assessment of Structures'

[Download the Programme here..](#)

This IABSE Workshop will be held in Helsinki from **February 11-12, 2015**, and focuses on structures that can cause notable safety concerns. The Workshop also addresses the topical question of creating assessment codes for existing structures and the role of condition-assessment data in them. The purpose of the Workshop is to provide a meeting point and discussion forum to any professional interested in the theme. It is the continuation of the IABSE Workshop 'Safety, Failures and Robustness of Large Structures' Helsinki 2013. Topics: Assessment codes and guidelines for existing structures; validation of probabilistic design methods; quality of non-destructive testing and

structural monitoring; risk handling for hazards and extreme events; fire; progressive collapse, redundancy and alternate load paths; forensic engineering of structures; and human-made hazards. [More information..](#)

3. IABSE Conference Nara 2015 - Early Bird Registration

Register for the [IABSE Conference 'Elegance in Structures'](#), Nara (May 13-15, 2015) and benefit from Early Bird fees until **March 15, 2015**. Authors of accepted papers will soon be notified and should register to the conference before March 31, 2015, in order to have their papers published in the Conference Report.

4. SEI Turns 25 - Results of the Voting Poll

A big thank you to all who participated in the SEI poll that was organised as part of SEI's 25th year anniversary in 2015. Readers were asked to select their favourite five Structures from a list of 25 that the SEI Editorial Board had provided. The poll closed on December 24, 2014, and the five favourite Structures voted for are:

1st : Millau Viaduct, France

2nd: Burj Khalifa, Dubai

3rd: Sunniberg Bridge, Switzerland

4th: Rion Antirion Bridge, Greece

5th: Great Belt Fixed Link, Denmark

Based on your ranking, SEI will feature the first three finalists in SEI!

5. News from the National Groups

Australia - The Australian Group has elected Brian Uy as its new Chair as per January 1, 2015. Brian holds positions as Professor in the School of Civil and Environmental Engineering at the University of New South Wales and Adjunct Professor at the School of Engineering and Information Technology, UNSW, Canberra. He is member of IABSE WG 9 'Construction History' and a former member of WC2 'Steel, Timber and Composite Structures'. Brian succeeds [Leigh D. Appleyard](#), Principal Consultant at ACOR, Australia, who is a member of IABSE WG5 on 'Bearings and Joints'. IABSE thanks Leigh Appleyard for his dedicated service in this position since 2010. IABSE congratulates Brian Uy on his new role and looks very much forward to future cooperation. [Contact..](#)

United Kingdom - On March 27, the British Group of IABSE is organising 'Future of Design North 2015', a full-day conference and dinner in Manchester for young designers, aimed at promoting design and inspiring future generations. This is the seventh Young Engineers' conference organised by the British Group after Cambridge in 2001 and 2003, and London in 2006, 2012, 2013 and 2014, [more details here..](#)

On March 28, the morning after the 'Future of Design North 2015' conference,

there will be a walking tour of Manchester's most interesting bridges, [more details here..](#)

7. ICSA 2016 - 3rd International Conference on Structures and Architecture

Submission of Abstracts before February 15, 2015.

The aim of ICSA2016 is to present research and developments on the merging of architecture and structural engineering. It is the world's leading and largest global conference bridging the gap between Structures and Architecture. The contributions on creative and scientific aspects in the conception and construction of structures, on advanced technologies and on complex architectural and structural applications represent a fine blend of scientific, technical and practical novelties in both fields. Prospective authors are invited to submit one page abstract, of no more than 500 words on the Conference Themes. [More information here..](#)
