Forthcoming Meetings
SBE16 Tallinn & Helsinki conference

Build Green and Renovate Deep Conference will be held on 5-7 October 2016. Green is here – in design, construction and maintenance, and also as investments, challenges and opportunities. But what lies behind the buzzword for the construction sector? The SBE16 Conference will find it out by defining the frontline of research and development.

New Publications
Research Roadmap Disasters and the Built Environment

CIB Commission W120 – Disasters and the Built Environment, in collaboration with UNISDR – The United Nations Office for Disaster Risk Reduction – published a Research Roadmap focussing on how research can contribute to the planning for, and the design, construction and management of a built environment that has a maximum resilience against disasters.

The publication can be downloaded (for free).

Routledge / CIB Book Series

For nearly two decades Routledge has been publishing research output generated through CIB into its CIB Book Series. The series includes peer reviewed titles that cover everything from construction innovation, investment and procurement to safety, dispute resolution and sustainability. All CIB members are eligible for a 20% discount on all Routledge titles.

Report Construction e-Business in the UK

In July 2016, Construct IT for Business and CIB TG83, e-Business in Construction, jointly published this report on the state of e-business usage in the UK construction industry. The report publishes the results of a UK wide survey of construction organisations analysing the use of e-business related technologies. The Publication is electronically available for free

on the CIB website.
